

Keep Pests from Pestering YOU!

Kitchen pests like cereal, flour, oatmeal, crackers, and pancake mix. Travel the maze to see which containers pests can get into.

Tip for Grown-ups:

Think you've got pests? Identify the pest problem before you decide what to do. Some pests (or signs of them) are easy to spot. But sometimes we are fooled. What looks like a plant "disease" may actually be a sign of poor soil or lack of water. Use free sources (the library, local nurseries, or Info-U) to help identify your pest and learn the most effective ways to control it. Questions? Call the Yard and Garden Line toll free at (612) 624-4771 in the metro area, or (888) 624-4771 in greater Minnesota.
